

*Simplify and maximize space*

## A. Color Sentry® Cabinets

Office space is expensive. Safeguard offers a variety of shelving units including laminate and melamine cabinets that turn storage into office décor. Cabinets come in open shelf, receding door and roll down closures. X-ray, letter and legal sizes are available.

Complimentary on-site consultation to assess your individual needs!

## B. Mobile Tracking Systems

Mobile storage eliminates unnecessary aisles, saving you valuable space and money. The two basic principles of mobile storage – lateral and compacting – offer choices in space savings and accessibility... assuring you the right fit for your unique requirements.

## C. Four Post Shelves

Use four post vertical shelving to save space. Unique boltless construction presents an updated look, while providing a durable filing system.

This system features:

- Optional back panel
- Adjustable file dividers
- Retractable work shelves
- Single or back-to-back configurations
- Multiple height and depth choices

## HIPAA Solutions

### D. Stak-N-Lok™ Cabinet

Modular units with retracting doors and optional locks keep your records confidential and secure.

### E. Tambour Cabinet

Color Sentry® tambour cabinets have a roll open locking door for easy access and conceals files when closed.

Stak-N-Lok is the intellectual property of Datum Filing Systems, Inc.

### MAILING LABELS

Add snap to your pre-printed shipping labels with eye-catching borders and colors.
