

## SAFE-TRAK

## Enhance security with visitor pass systems

**Great for:**

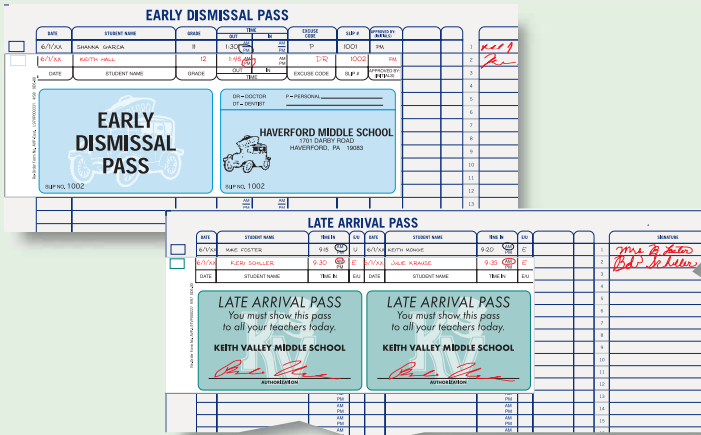

- Schools and universities
- Museums
- Courthouses and prisons
- Hospitals
- Convention facilities
- Government offices
- Manufacturers
- Company visitors/vendors

Safe-Trak® visitor pass systems help control and monitor visitor access to your facilities, providing peace of mind to you and your employees.

- Clearly identify visitors for the protection of employees/students
- Help maintain accurate records of every visitor
- Clarify rules and regulations for visitors
- Provide immediate access to a list of visitors in the event of an emergency
- Security privacy sheet prevents visitors from seeing past visitors

## Late Arrival and Early Dismissal Systems

Safe-Trak® arrival and dismissal passes are numbered and customized to reduce the risk of unauthorized duplication.

## Color-Coded Badges

Identify days of the week, type of visitor and more with easily recognized color-coding!

Choose yellow, red, green, gray, blue, black, beige or clear.

Chains also available.

## Custom Inserts

Add your identity to visitor pass systems with custom colors, logos and timesteps! Or, color code by visitor.

**Customized to meet your specific needs**
